## When Seconds Matter

Vital Friends is an ancillary branch of the Riverdale-Pick City Ambulance Service (RPCAS)

Our mission is to support the ambulance service by raising funds which provides financial support for the RPCAS and the communities it serves. Past funding has been achieved by grant writing, awards and many fun events including the Summerfest dinner which has included a silent auction, raffle tickets, helicopter rides, live music, entertainment, and a patriotic presentation by an Honor Guard. Vital Friends events are family oriented and children, grandparents and other relatives are encouraged to attend.

This year Vital Friends has had two fundraisers -- Fish Hatchery Open House and a pancake/sausage breakfast and silent auction during the Pick City 75th anniversary celebration. These funds provide what is vital for overall operating costs, ambulance equipment, training materials, mannequins for airway and IV training, ambulance loan repayment, office supplies, payroll, mandatory continuing education and Personal Protective Equipment for our First Responders. All of these items are essential for the manpower and a well-run ambulance service. At this time, we are asking for your continued support during the Twice Blessed campaign. Donations totaling \$10,000 will be generously matched by INSPIRITUS Community Health Foundation.

[Inspiritus Community Health Foundation | twicedblessednd.com](https://www.inspiritus.org/)

Vital Friends membership has diminished over the years. This has a direct effect on the number of events or projects that can be undertaken and accomplished by those remaining in the Vital Friends ancillary branch. The meetings are at the Riverdale Ambulance Bay and generally last one hour or a little longer. Vital Friends is in the process of creating other funding projects but in order to make these projects successful we encourage members of the community to participate at our Vital Friends meeting. Please volunteer your time, fundraising ideas and help. Our heartfelt thanks in advance for your consideration to help keep this vital service in our community. Without this service, we truly cannot imagine the impact for us all when seconds matter. For questions on Vital Friends please contact Sharon Moon at 605.201.9439.

### When Seconds Did Count

The Riverdale/Pick City Ambulance service is a vital part of our tight knit community. Its volunteers literally make the difference between life and death. My family owes them, along with their heroic medical team, a great debt of gratitude. Because of their efficiency and expertise, my late husband Pat, was able to be resuscitated. He was experiencing congestive heart failure in April of 2010. He had been hospitalized at St. Alexius, in Bismarck. However, his cardiologist sent him home with oxygen, realizing there was nothing more medically speaking, that could be done for him. Just minutes before being discharged, a nurse came into Pat's room and gave me a crash course in changing out his oxygen tanks. Sadly, those oxygen tanks, even cranked up to full capacity, were no match for all the fluid building up in his lungs. Shortly after getting settled back in at our lake cabin, Pat took a turn for the worse. I immediately called the Riverdale/Pick City Ambulance, and their timing couldn't have been more perfect. Just as those angels arrived, Pat's eyes had rolled back into his head. We were losing him, but the quick thinking and wise intervention of the EMT's on call that day, brought my husband back to the land of the living. This was an immense blessing because he was then transferred to the Hazen hospital, where he received the most compassionate end of life care, surrounded by nurses and doctors who he'd known and loved for over 40 years. His good friends were able to visit him, while he was still lucid and they were able to give him a beautiful send-off, so to speak. For awhile, it was like a revolving door of beautiful people coming to proactively pay their respects. The greatest gift, was that both our daughters, Heather and Holly and their spouses were able to be with me and by their beloved father's side, in the days and hours leading up to his death. Everyone got to hug Pat, rub his feet, say their "I love you's", and ultimately witness his soul's journey heavenward. That was an honor that not all families are afforded, and it gave us a great deal of peace. We owe all of those profound blessings, to the wonderful men and women who work tirelessly to ensure that the ambulance is always ready and waiting for those in their most desperate hour.

# Thank you

I believe most of you would agree that the Riverdale-Pick City Ambulance is a valuable asset to our area and much needed.. As a result, we must work together to maintain the service.

This year we have again been awarded a matching grant from Twice Blessed through Inspiritus (formerly the St. Joseph Foundation). Therefore, I would like to personally thank those who have worked hard to put this fundraiser into action.

To start with the grant was written and later approved by Inspiritus. Then we met with a former leader who guided us through the process. One of the group stepped up to check addresses, gather information, design the flyer and purchase supplies. Another volunteer ran copies of the flyers/letters and donation cards.

Then on November 8<sup>th</sup> 24 volunteers gathered in the Pick City City Hall to assemble 2700 flyers containing information about the ambulance service and the fundraiser as well as a donor card. Two of the ladies prepared a delicious lunch for us. Thank you to each of you who have shared your time and talent. You all are truly a blessing.

It has taken many hands and much effort to prepare the information that will be sent to you in a few days. Hopefully, you will respond generously with your donations.

Remember each one of you is **vital** to the continued success of the Riverdale-Pick City Ambulance service.

Thanking you, I am Sharon Moon.

# NORTH DAKOTA GAME & FISH

## Salmon Spawn Completed

Fisheries crews completed their annual salmon spawning operation on the Missouri River System, collecting 944,000 eggs.

North Dakota Game and Fish Department Missouri River System fisheries supervisor Russ Kinzler said this year was more of a challenge to collect eggs.

“The spawn started about a week later than normal and then the cold weather at the end of October shut down egg collections before the spawning crew could meet the goal of 1 million eggs,” Kinzler said.

The eggs collected should be enough to stock the 300,000 smolts planned for Lake Sakakawea in 2024.

This year all the eggs were collected from Lake Sakakawea, unlike past years when some eggs were taken from fish in the Missouri River. The average size of female salmon was 4.4 pounds, which is about half a pound smaller than last year. The largest salmon was 8.5 pounds.

Chinook salmon begin their spawning run in October. Since salmon cannot naturally reproduce in North Dakota, Game and Fish personnel capture the fish and transport them to Garrison Dam National Fish Hatchery where they are relieved of their eggs.

Once the eggs hatch, young salmon spend about 6 months in the hatchery before being stocked in Lake Sakakawea.

# The Dam News

My story

When I moved to this area a few years ago from out of state, I realized that all things revolve around beautiful Lake Sakakawea. The communities wouldn't be here if it wasn't for the Dam and because of the incredible history in this area, The Dam News will celebrate all communities and those within that make this so special. ~Brenda
