Believe in the Magic

Changing Styles, Owner

5 Years! What!?! I'm humbled and where has the time gone? I've owned Changing Styles in Riverdale and opened on February 4, 2019. I've been a licensed cosmetologist for almost 30 years and living in our small community I saw the importance of having a salon for those living here. It really is a vital service and one that it's a privilege to provide in helping others, so they don't have to drive to the larger cities. I also love the relationships that I get to form with my clients and many times a listening ear. I live in a great community and blessed to have clients that come from near and far. Forever grateful to each and every one of you!

Changing Styles cont.

My grandmother would have been so PROUD! I succeed because I come from amazing roots and a strong work ethic!

At Changing Styles, I carry the All-Nutrient Line of products which is an organic line. Sound expensive? It's far from that. It's so good for you, being plant derived. Your hair will shine, and you will be so happy to have made the switch.

I also have a great selection of pedicure services to choose from. Your feet you only get 1 set, so let's take care of them together! Full 1 hour pedicure & now offering a paraffin treatment. Your feet deserve it and so do you!

NORTH DAKOTA GAME & FISH

Free Ice Fishing Weekend

North Dakota's free ice fishing weekend is Dec. 30 and 31. Resident anglers may fish those two days without a license. All other winter fishing regulations apply.

The weekend provides a great opportunity to try ice fishing for the first time or [take someone new](#). Share your story for a chance to win a fish house.

[Information on regulations, where to fish and what equipment is needed](#) to ice fish is available on the North Dakota Game and Fish Department's website at gf.nd.gov.

Fish House Regulations

Any fish house left unoccupied on North Dakota waters must be made of materials that allow it to float. In addition, fish houses do not require a license.

Other fish house regulations include:

- Occupied structures do not require identification. However, any unoccupied fish house must have an [equipment registration number](#) issued by the North Dakota Game and Fish Department, or the owner's name, and either an address or telephone number, displayed on its outside in readily distinguishable characters at least 3 inches high.
- Fish houses may not be placed closer than 50 feet in any direction to another house without consent of the occupant of the other fish house.
- All unoccupied fish houses must be removed from all waters after midnight, March 15.

Anglers should refer to the [North Dakota 2022-24 Fishing Guide](#) for other winter fishing regulations.

Darkhouse Spearfishing Registration

Individuals required to possess a valid fishing license (age 16 and older) to darkhouse spearfish [must first register](#) online at the North Dakota Game and Fish Department website, gf.nd.gov.

Darkhouse spearing is allowed for all anglers with a valid fishing license and for youth under age 16.

Northern pike and nongame fish are the only legal species statewide, while walleye can be speared at Stump Lake and the Devils Lake complex south of U.S. Highway 2 and the Missouri River System (including lakes Oahe and Sakakawea and the Missouri River) up to the first tributary bridge.

Spearers and anglers are reminded that materials used to mark holes must be in possession as soon as a hole greater than 10 inches in diameter is made in the ice.

All waters open to hook and line fishing are open to darkhouse spearing except:

- East Park Lake, West Park Lake, Lake Audubon – McLean County
- Heckers Lake – Sheridan County
- Lake Ashtabula – Barnes and Griggs counties
- Larimore Dam – Grand Forks County
- McClusky Canal
- New Johns Lake – Burleigh County
- Red Willow Lake – Griggs County
- Whitman Dam – Nelson County
- Wood Lake – Benson County

Anglers and spearers should refer to the [2022-24 North Dakota Fishing Guide](#) for more information.

All Things Garrison Dam

The U.S. Army Corps of Engineers continues to update and maintain an interactive web application pertaining to ice access locations: <https://arcgis/1DnGy00>.

The web application displays all approved ice access locations and status that users can access easily from any computer or smart phone. Users can also download the ESRI application to an iPhone or Android –the ArcGIS Explorer application is free. Open the ESRI application and search, 'Lake Sakakawea ice access'.

The Dam News

My story

When I moved to this area a few years ago from out of state, I realized that all things revolve around beautiful Lake Sakakawea. The communities wouldn't be here if it wasn't for the Dam and because of the incredible history in this area, The Dam News will celebrate all communities and those within that make this so special. ~Brenda
