MC DECOYS

Myron was born and raised in Detroit Lakes, MN. Myron has always been an avid outdoorsman. Growing up the youngest of 7 children Myron spent much of his childhood outdoors, fishing with his dad and older brothers, woodworking with his uncle Henry, ETC... As an adult Myron moved to Fargo, ND and married. He is the father of 4 daughters who all married young men who are also avid outdoorsmen.

He has always been in love with making sawdust. From cabinetry and furniture building to scrollsaw work. As of late his son-in-law took up darkhouse spear fishing and talked him into another hobby, carving decoys. Myron is glad he did as he is having a blast.

In 2016 Myron and his wife Marie made a life change for the better and moved to Hazen to be closer to family and grandchildren and being closer to the lake for the love of darkhouse spearing.

In the summer months when there is no ice Myron enjoys fishing with his wife and grandkids, carving small lures and making his own spinner baits.

A wise man once told him that when times are tough and things look uncertain the best thing you can do is make sawdust, so that is what Myron did. Special thanks to Rev. Nelson Stone for his wise advice. [MC Decoys | Facebook](#)

TRIX & MAVIE

Trix & Mavie started as a fun hobby during the beginning of Covid. It took off and evolved into my candle business. I love being able to create beautiful scents, a clean burn, and a beautiful display all in one candle. I would love to have a small shop where I could work and display my candles...maybe when I retire from my "real" job. For now, I will continue working out of my home in Underwood. Thank you so very much for supporting my small business. Nikki Lang, Owner of Trix & Mavie [Trix & Mavie | Facebook](#)

SKAGER'S RUB

Cooking has always been a passion of mine. I loved mixing things and coming up with new and interesting concoctions. The thing I hated, digging around in my spice cupboard trying to shuffle 100 little jars around! It was time to put a stop to it! Mixing seasonings was something that happened frequently so why not make my own. Now I will admit in the beginning it wasn't just my dream, but I am so happy and proud to say. Mixing my own seasonings and being able to share them with the old is more than what I ever dreamt. With Skager's Rub you get quality ingredients that are all Gluten free and made with pride as a family operation. With 9 different flavors, you will be sure to love the meat.

Minimize Costs for Holiday Meals

The holidays are upon us. Thanksgiving is a time to reflect on and be grateful for the family, friends, and all we have in our lives. Christmas is the season of wonder, beauty, peace, joy, and love. For both, we often share a wonderful meal around the table with family and/or friends.

Cooking for family and friends does not have to be stressful nor costly. Here are a few ideas to minimize stress, plan meals within your budget, stay mindful of food-related illnesses, and ways to maximize leftovers.

Minimize Stress and Plan Meals

- Plan for meals you can make ahead of time, and refrigerate or freeze for later use.
- Inquire with guests about food allergies before planning meals. Be mindful to ensure the meal will be enjoyed by all.
- Prepare meal using a slow cooker, this allows you to make it in the morning; and not require any additional prep until it is time to serve.
- Trim protein costs. A whole turkey is less expensive per serving than a turkey breast. Lean roast beef, pork loin, some fish are lower cost options. Serving soup or a casserole can extend the protein dollar.
- Use less ingredients. Serve it simple. Use seasonings to add flavor.
- Look in your cupboards, refrigerator and freezer first. Use what you have to plan meals before purchasing extra.
- Create a grocery list of everything else you need to purchase and buy only what is on the list.
- Shop smart by being aware of store displays that tempt you to buy things you didn't plan to purchase. Use unit pricing to compare different brands, size of products to help save you money.
- Consider turning one or more of your meals into a potluck. This saves you time and money in the kitchen and everyone is happy in the end.
- Make smart beverage choices. Water is easy on the budget and it quenches thirst. Add lemon, cucumber, spearmint, to add a touch of refreshing flavor. Soda, energy or sports drinks, sweet drinks, and alcohol, adds more cost to the meal.

Keep Family and Friends Safe and Healthy

Food poisoning and food-related allergic reactions are nothing to take lightly. Follow these food safety tips for a happier, healthier holiday.

- Wash hands often and be sure your children do the same.
- Prepare food in a clean kitchen with clean counter, equipment and kitchen tools.
- Thaw frozen food in refrigerator or use the ice-water bath in the sink to thaw turkey.
- Separate raw meat from ready-to-eat foods while packing groceries, during storage, and preparation. Use separate cutting boards and knives.
- Keep foods at proper temperature. Keep hot food hot and cold food cold. Be sure to refrigerate any meal leftovers within 2 hours.
- Always reheat leftovers to a minimum of 165°F. Freeze within 4 days.

Maximize Leftovers

Don't underestimate the power of leftovers to help save you stress and money during the holidays.

Be creative and add leftovers to soup, salads, sandwiches, casseroles, skillet meals, breakfast dishes, and dishes such as burritos, enchiladas, and tacos.

After all, being present with one another as the family and friends are gathered is what is most important to all. Spending quality time, sharing in laughter and conversation, and the meal is just the extra topping to a wonderful family-friend filled holiday.

NORTH DAKOTA GAME & FISH

Coyote Catalog Available

The North Dakota Game and Fish Department and North Dakota Department of Agriculture are again opening the Coyote Catalog, a statewide effort designed to connect hunters and trappers with landowners dealing with coyotes in their areas.

[Landowners can sign up](#) on the Department of Agriculture website, nd.gov/ndda/.

[Hunters and trappers can sign up](#) at the Game and Fish website, gf.nd.gov.

Anyone who registered for the Coyote Catalog in the past must register again to activate their name on the database.

Throughout winter, hunters or trappers may receive information on participating landowners, and should contact landowners to make arrangements.

Landowners experiencing coyote depredation of livestock should first contact the U.S. Department of Agriculture Wildlife Services.

The Coyote Catalog will remain active through March 31.

For more information, contact Ryan Herigstad at Game and Fish, 701-595-4463 or rherigstad@nd.gov; or Michelle Mielke, at the Department of Agriculture, 701-328-2233 or mmielke@nd.gov.

Special Allocation Lottery App Deadline

Nonprofit organizations eligible to receive big game hunting licenses in 2024 must have the application submitted to the North Dakota Game and Fish Department no later than Jan. 1.

North Dakota state law provides direction for the Game and Fish director to allocate big game hunting licenses to eligible organizations. Under this directive, up to two elk, moose and pronghorn licenses, and 10 white-tailed deer licenses, can be issued to organizations for fundraising.

Eligible organizations must be exempt from federal income taxation under section 501(c)(3), and must provide proof from the Internal Revenue Service to that effect. In addition, organizations must be active and in good standing with the office of the North Dakota Secretary of State.

Successful lottery applicants must agree to donate at least 10% of the net proceeds of any license fundraiser to a conservation-related project, such as hunting access, conservation education, habitat development or shooting range management.

Urban Pollinator Program Deadline

Educators interested in applying for the [Urban Pollinator Program](#) must apply by Jan. 10.

The program was created to assist educational organizations in developing urban pollinator gardens. Elementary, middle, and high schools, special education schools, colleges, and educational clubs are eligible to apply. Limited spots are available.

The Dam News

My story

When I moved to this area a few years ago from out of state, I realized that all things revolve around beautiful Lake Sakakawea. The communities wouldn't be here if it wasn't for the Dam and because of the incredible history in this area, The Dam News will celebrate all communities and those within that make this so special. ~Brenda
