Mis'Allainy Handcrafted Goods

Hi! My name is Chrissy Lyle and I am the owner and creator of Mis'Allainy Handcrafted Goods. I live in Garrison with my husband Travis and our five fur children. I have always be slightly obsessed with all things scent related especially candles. When I moved to Garrison from Michigan in 2012 it was a bit of a shock to have to drive almost an hour to get my candle fix so in 2017 I decided to try making my own and in August of 2018 Mis'Allainy was born. About a year into being business I caught Covid and lost my taste and smell as so many unfortunate souls have. That obviously put the breaks on Mis'Allainy for a bit, but as my scent VERY slowly comes back I am reigniting Mis'Allainy not only with new candle and lotion scents but with a new line of herbal teas, new herbal salves and a other surprises. I am so excited to team up with my aunt and uncle Jess and Sean McRandall and their beautiful Grace Gardens this season. They have been a blessing to me and my "reopening" of Mis'Allainy. Make sure you stop by our table in pick city on July 29th and at Grace Gardens in Garrison every Friday from 2-6 pm. And a special thank you to Brenda for everything she is doing for her community!! NORTH DAKOTA GAME & FISH

Pronghorn Hunting Season Set, Apply Online

North Dakota's 2023 pronghorn hunting season is set, with 420 licenses available in eight units.

Bruce Stillings, big game management supervisor for the North Dakota Game and Fish Department, said license numbers are down significantly from last year, when the department allocated 1,970 licenses in 17 units.

"A limited season with a very conservative harvest strategy will be held to provide hunter opportunity while encouraging population growth," Stillings said.

Hunting units 2A, 2B, 3A, 3B, 4A, 4C, 5A and 7A will be open in 2023. The remaining hunting units will be closed due to low population levels not able to support a harvest at this time.

The July aerial survey indicated the overall pronghorn population is down 40% from last year. The fawn-to-doe ratio of 43 fawns per 100 does was the second lowest on record since 1950. The buck-to-doe ratio of 30 bucks per 100 does remains stable and at population objective, Stillings said.

"Significant snowfall fell in early November and winter conditions persisted into April, putting extreme stress on pronghorn," he said. "Losses due to malnutrition were significant based on results from our aerial survey. Fawns and older adults are age classes impacted the most during extreme winter conditions."

Currently, Stillings mentioned, habitat conditions are excellent following above normal winter and summer moisture, which provides ample resources for pronghorn.

"Future population recovery will be dependent on upcoming winter conditions and fawning success in 2024," he added. "Pronghorn fawn production was the second lowest on record following one of the most extreme winters on record."

Each unit will once again have a season that is split into an early bow-only portion, and a later gun/bow season.

The bow-only portion of the season is Sept. 1 (noon) – Sept. 24. Anyone who draws a license can hunt pronghorn with a bow in the unit printed on the license.

From Oct. 6 (noon) – Oct. 22, hunters who still have a valid license can use legal firearms or archery equipment, and again must stay in the assigned unit.

Only North Dakota residents are eligible to apply for a pronghorn license. Hunters who have accumulated bonus points and choose not to apply this year will not lose their points but will not earn a point for next year. However, hunters who do not want a license in 2023 have the option to purchase a bonus point on the application.

Applicants can [apply online](https://gf.nd.gov) at the Game and Fish Department website, <https://gf.nd.gov>.

The pronghorn license fee is \$30 for ages 16 and older, and \$10 for under age 16. Applicants for a pronghorn lottery license must be at least 12 years of age on or before Dec. 31. The application deadline is Aug. 9.

Swan Hunt Applications

Hunters applying for a 2023 swan license can [submit an online application](https://gf.nd.gov) through the North Dakota Game and Fish Department's website, <https://gf.nd.gov>.

North Dakota residents and nonresidents are eligible to apply. The resident swan license is \$10, while the nonresident fee is \$30. The deadline to apply is Aug. 16.

The statewide tundra swan hunting season opens Sept. 30. A total of 2,200 licenses are available. Successful applicants will receive a tag to take one swan during the season. Since swans are classified as waterfowl, nonresidents may hunt them only during the period their nonresident waterfowl license is valid.

All swan hunters, regardless of age, are required to have a general game and habitat license when applying. In addition, nonresidents must have a waterfowl license, and residents 16 and older need a small game or combination license.

Use Your Garden 10 Ways and in 30 Minutes

July 2023

A garden brings new life, growth, is good for the soul, and is good for health. Your garden has started to produce fresh goods and will continue through fall. This is the time to enjoy the benefits of your hard work and now, put your harvest to work for you!

Here are ten ways you can use your garden produce as you progress through the season.

1. Try a new recipe using garden produce.
2. Preserve Your Produce.
3. Vacuum Seal and Freeze.
- 4.
5. Make veggie-filled goodie bags and give them to your friends. Include a card with your favorite recipe for cooking inspiration.
6. Donate to a local food pantry.
7. Start a produce stand in your front yard. Let your kids take charge.
8. Start a crop-swap site with neighbors. Bring one, take one.
9. Cook a fresh garden dish for a family in need.
10. Deliver a box of garden goods to your local fire, police station, or at one of your local hospitals at a nurse station.
11. Compost it.

Tired of your same old recipes? Here are a few fresh garden recipes from NDSU Extension that are fast, easy and can be made in less than 30 minutes.

Blazin' Stuffed Peppers

- 4 medium bell peppers, any color
- ½ medium onion, chopped
- 2 cups corn (fresh or frozen)
- 2 small tomatoes, chopped
- 2 (15.5 ounces) cans black beans, drained and rinsed
- 2 teaspoons olive oil

- 1 teaspoon cumin
- ½ teaspoon cayenne pepper
- 1 garlic clove, minced
- 2 teaspoon cilantro, finely chopped
- 1 cup shredded cheddar cheese (try Pepper Jack for more spice)

Rinse peppers and cut in half lengthwise; remove seeds. Place peppers in a large pot and cover with water. Bring to a boil, reduce the heat, cover and simmer for five minutes; drain. Set pepper halves on greased baking sheet. Preheat oven to 350 F. In a small skillet, sauté the chopped onion until tender.

Mix together onions, tomatoes, corn and black beans in a medium-sized bowl. In a small bowl, combine oil and seasonings; add to vegetable mixture and mix thoroughly. Fill pepper halves with mixture and top with cheese. Bake for eight to 10 minutes or until cheese is melted.

FRESH SALSA!

- 1-2 garlic cloves, finely chopped
- 1/3 large onion, finely chopped
- ½ large green bell pepper, finely chopped
- ½ to 1 whole jalapeno pepper, finely chopped
- 3-4 large Roma (paste) tomatoes, chopped
- 1 small bunch of cilantro leaves, finely chopped
- Juice from ¼ lemon

Mix ingredients together and serve, altering the recipe to suit your own taste preferences. Store covered in the refrigerator. To keep calorie and fat content low, serve with baked tortilla chips.

(Note: Best to eat fresh. This salsa recipe has not been tested for safety for canning/processing purposes.)

For additional fresh garden recipes, search <https://www.ndsu.edu/agriculture/extension/recipes> .

Enjoy these summer days and remember “The cultivation and produce of a good garden are the life and health of a family”. – The Gardner’s Manual 1835

The Dam News

My story

When I moved to this area a few years ago from out of state, I realized that all things revolve around beautiful Lake Sakakawea. The communities wouldn't be here if it wasn't for the Dam and because of the incredible history in this area, The Dam News will celebrate all communities and those within that make this so special. ~Brenda
